Another flag of great interest and historic value, is that of the Second Virginia Infantry. This old relic went nearly all through the war, and is now but a mere fragment, having been torn almost into shreds by Federal bullets. A pleating of it is shown elsewhere, and one has but to look upon it to see that it is of the utmost public interest.

The Fourth Infantry flag is perhaps the one of the greatest public interest. It was in all the big battles of the functions "Stonewall Brigade," and was captured at the battle of the wilderness, May 12, 1861. It bears an inscription, "Rebel Battleflag," showing also the date of its capture. Upon the flag is likewise printed in large type, the names of the battles through which it passed. These include First and Second Manassas, Winchester, Kearnstown, Harper's Ferry, Cold Harbor, Chancellorsville and Gettysburg.

The flag of the Forty-seventh Virginia Infantry is among the very interesting ones. It was captured by the First Michigan Cavalry at the battle of Falling Waters.
